Barrier-free AB

WCAG 2.0 ACCESSIBILITY REPORT

ACCESSIBILITY MATTERS

The Barrier-free Alberta ensures that the **www.barrierfreeab.ca** website and content can be accessed and navigated by any visitor, regardless of disability or impairment.

Accessibility

Barrier-free Alberta, (an initiative of Cerebral Palsy in Alberta Association), strives to provide accessible resources, links, and associated community contact and resource information to individuals.

Barrier-free Alberta web technologies relied upon for conformance includes base web technologies such as HTML and CSS, auxiliary web technologies such as JavaScript and WAI-ARIA, as well as specific web technologies such as SMIL, SVG and PDF.

WCAG - 2.0 Optimization

In our effort to provide a fully accessible and optimized user experience for all site visitors, **Barrier-free Alberta** has taken careful measures to ensure an excellent user experience, enabling assistive technology used to access this site or the specific abilities of those individuals seeking access to this site, its resources and link connection.

Accessibility Management

The **Barrier-free Alberta** website is monitored and tested by internal resources and Web Accessibility testing and monitoring. As issues of accessibility are identified, results of automated and manual testing are managed through the **Barrier-free Alberta's** Accessibility Manager. As new solutions are discovered to improve the user experience, remediation is tracked and changes are implemented to improve the website user experience.
